

Best Clinical Practices: Implementation Initiatives

- ♠ **Post Deployment Health Evaluation and Management Clinical Practice Guideline**
 - Practical tools for implementation process
- ♠ **Panel:**
 - Capt Mark Prilik, McGuire AFB, NJ
 - Ms. Rebecca Singleton, Ft Bragg, NC
 - Ms. Tamara Huddleston, Ft Campbell, KY
 - Ms. Ivy Simmons, Operation Solace, Ft Meade, MD

Best Clinical Practices: Implementation Initiatives

♠ Common Themes

- Guideline itself is a **risk communication** tool
 - Sends an important message
- **Leadership** Support is important
- Generate buy-in through **training** and **marketing**
 - **All levels** involved in risk communication:
 - > Ancillary staff
 - > Providers
 - > Administrative staff
 - > Patients
 - **Recurrent** – based on staff and patient turnover

Best Clinical Practices: Implementation Initiatives

♠ Common Themes

- Use metrics/**data**
 - Baseline and chart audits
- Use the **tools** was valued
- **Individualize** process and flow
- **Network** – learn from others
 - Contact MTF's who have already implemented
 - **www.PDHealth.mil** and DHCC support
- **Implementation materials**
 - Documents and briefings already on web
 - These briefings will be added
